# Press Release

## Frankfort Identifies Streets for Resurfacing

At the June 20, 2011 Frankfort Village Board meeting, officials approved the recommendation from the Department of Operations committee meeting of June 8, 2011 for the street resurfacing program for the Village of Frankfort for 2011. Bids for the project had been submitted for review with the recommendation to award the bid to Austin Tyler Construction Company in the amount of \$837,428.45. Funds had been budgeted for this resurfacing program.

The locations to be resurfaced include:

- Birchwood Road between Meadow Ave. and Illinois Road
- Lincoln Lane between Hackberry Road and Hobby Ave.
- Hobby Ave. between Lincoln Lane and Box Elder
- Colorado Ave./Indiana Court between Cedar Lane and Willow Street
- Aberdeen Road between Harlem Ave. and Dover Circle
- All non-finished streets in Lakeview Estates Unit 5 & 6

Residents have been notified of the resurfacing project. The Frankfort Public Works Department will provide construction supervision for the project. Locations are evaluated and reviewed each year to insure the continued quality of the streets throughout the community. Work is scheduled to begin July 5, 2011 and is expected to be completed August 15, 2011.

"It's important that our streets are evaluated for repairs and continue to be safe for our residents. This ongoing program provides the necessary information to plan ahead for resurfacing and budget responsibly to provide the services our residents demand", commented Frankfort's Mayor Jim Holland.
